ORDER

Sub: Scheme for levy of extra charges @ 2% (Two Percent) throughout the year of tariff for granting facility of uninterrupted power supply without any power cut.

In the year 1997, during the regime of erstwhile Rajasthan State Electricity Board a scheme for granting facility of uninterrupted power supply without imposing any power cut, in lieu of payment of 5% extra tariff over and above and normal tariff, was introduced. It was not mandatory but was an optional scheme for industrial consumers.

There are many industries which, due to nature of process of production, require uninterrupted power without imposition of any power cut, such as Induction Furnaces, Iron and Steel Re-rolling Industries, Cement Industries, Food Processing and continuous process industries who have to suffer huge losses as a result of power interruption, are representing to give them continuous and uninterrupted power without any power cuts.

The matter was put up before the Coordination Committee in its 125th Meeting held on 25-03-09. After detailed discussions, following scheme for such consumers have been approved:-

- (i) A large industrial consumer requiring continuous power due to nature of its process may seek exemption from the power cuts imposed because of the shortage of power during the year on payment of extra charges @ 2% of tariff (Fixed Charges + Energy charges both) every month.
- (ii) Such facility would be provided to consumers having exclusive feeders i.e. dedicated feeders emanating from 132KV GSS or 33/11KV Sub-stations.
- (iii) Willing consumers would be required to execute supplementary agreement in the prescribed proforma (Annexure-"A").
- (iv) The facility i.e. exemption from power cuts would be available to the consumer opting for this scheme for whole of the year and he will be required to pay extra charges @2% of tariff (Fixed Charges and Energy Charges both) per month throughout the year.
- (v) The above scheme is an optional scheme and can be adopted by large industrial consumers on voluntary basis.

In this context, it is also directed to give wide publicity of the scheme so as to attract more and more large industrial consumers.
Encl.:As above.
