Earlier the Order Comml.JDP/494 was issued and Self Finance Scheme was introduced for releasing domestic/Non-domestic connections in Non-abadi areas of the villages which is still in existence. As per provision of this order separate transformer is to be installed for each connection.

The matter to meet requirements of groups of small shops in rural area(s) where the applications are for small loads, say 0.5 KW, was discussed in Co-ordination committee meeting and it was decided that the group of applicants can be prepared and treating the group as single consumer, connections under "Self Financing Scheme" as per order No.Comml.JDP/494 dtd 28.05.09 be released. Applicants of the group shall deposit the amount of demand notice, dividing the total amount by the number of applicants.

Field officers have reported that there are cases in rural areas where more than one house are located within close vicinity of each other and installation of separate transformer for each such connections will be an unnecessary financial burden on the applicant(s) whose financial condition may also be not very sound.
