ORDER

Sub: Testing of the meters of the consumers availing Open Access from Energy exchange/bilateral mode.

A lot of the consumers are availing open Access now a days. These consumers are high valued consumers and to avoid any dispute for their proper billing with considering adjustment towards Open Access drawl by them, a need of frequent regular checking and testing of their meters is felt. This is also necessary as per clause 8(3)(b) of CERC(Open Access in Interstate Transmission) Regulations 2008 and envisaged that SLDC shall verify the existence of infrastructure necessary for time block wise energy metering. The following procedure for testing of the meters of Open Access Consumers availing Open Access from energy exchanges/Bilateral mode is prescribed.

1. The consumer will deposit the testing fee with concerned AEN(O&M) of the area as per existing orders.
2. The AEN(O&M) will send a request for testing of meters to the Superintending Engineer(M&P).
3. The Superintending Engineer(M&P) will get the meters tested obtain testing report and send it to Superintending Engineer(SO&LD) and others along with his remarks, if any.
4. The Superintending Engineer(SO&LD) will issue NOC on receipt of testing report from Superintending Engineer(M&P) if report is found in order.

The above procedure will be repeated for testing after every three months of availing the Open Access.

By Order,
