

No.JdVVNL/MD/CE(HQ)/SE(RA&C)/JU/2017-18/D. 408 Dt. 23.06.17

ORDER

Sub: Regarding Self- certification of installation.

In compliance to the notification No.F.23(3) Energy/2015 dated 21.03.2016 issued by Energy Department, GOR and CEA (Measures relating to Safety and Electric Supply) Regulation 2010 as amended from time to time, Nigam have issued order No.159 dated 11.05.2016(Comml.JDP/708) for recognition of self-certificate as valid document for energization of the electrical installations and all field officers were directed to comply with the guidelines of the notification.

Govt. of Rajasthan has authorized the Chartered Electrical Safety Engineer (CESE) to assist owners to issue self-certificate for energization of electrical installations of voltage level of 11 KV and 33 KV. The Electrical Incorporate Department of GoR has appointed Chartered Electrical Safety Engineer with a view to ensure the ease of Doing Business in Rajasthan State, emphasis is given to authorize third party for inspection of consumers installation (List of authorized Chartered Electrical Safety Electrical Engineers with their Contact details are available on the website www.energy.rajasthan.gov.in)

The owners of electrical installation upto 33 KV voltage level would now get their installation tested and inspected by the government authorized Chartered Electrical Safety Engineer for ensuring observance of safety measures in their installations and issue self-certification reports in prescribed forms I, II and III as applicable as per voltage level.

After getting the inspection and testing of installation, the consumer will submit the self-certification report to the concerned sub-divisional officer of Discom for release of the electricity connection along with a copy to Chief Electrical Inspector.

In view of above all field officers are directed not to insist any other clearance from electrical inspector accept the self-certification report for enabling release of connection.

By Order,
