No. JdVVNL/SE(Comml.)/JU/S.C.I/2k2/ D.1702Dt. 11.09.2002

**ORDER**

**Sub:-** Taking over of well connection temporarily on rent by PHED.

The matter regarding taking agricultural wells on rent on temporarily basis by PHED to cater the need of drinking water supply during the present draught condition to the public was discussed in the Task Force meeting of State Govt. on 28<sup>th</sup> August 2002. As per the decision taken in the said meeting following instructions are issued for compliance: -

- 1- PHED will identify and intimate the name of the Agriculturist in whose name of the well connection exists which is proposed to be taken on rent by them alongwith the account number of existing connection, locality where the well is situated to the AEN of JdVVNL.
- 2- The AEn (O&M)/(REC) of JdVVNL, is required to take the initial reading of the meter installed for the agricultural connection which has been identified and selected for temporary use on rent by PHED and take the initial reading of the meter. In case the well proposed to be taken for temporary use is under flat rate category, the AEN (O&M)/(REC) of JdVVNL, shall install a proper meter for measuring the energy consumption caused by PHED and take the initial reading of the meter.
- 3- The AEn shall issue monthly energy bills for such wells by applying relevant industrial tariff (SIP or MIP depending upon the sanctioned connected load of well pump.) and issue regular bills to PHED for payments.
- 4- After PHED stops the use of the well for drinking water supply, the PHED shall intimate to the AEN JdVVNL, to enable to take the final readings of the meter and issue final bills for the well connection.
- 5- After the well is handed over the agriculturist by PHED and the PHED has cleared the dues of JdVVNL, the agriculturist will be free to utilise the well for agricultural purposes for which the bills are to be issued as per usual tariff i.e. Agricultural tariff metered or flat rate as the case may be which was applied prior to taking over of the well by PHED for its use.

Above instructions should be strictly followed by all concerned.
