No.JdVVNL/CE(CPM)/SE(Comml.)/JU/2005-06/D. 420

Di. 04/06/05

**CLARIFICATION**

**Sub: Determination of incentive in Tariff to Large Industrial Consumers for the year 2004-05 under previous/new incentive scheme.**

The matter relating to the procedure to be followed for determination of incentive in Tariff for the year 2004-05 under previous/new scheme was discussed in the 82<sup>nd</sup> Coordination Committee held on 30-04-2005 and as decided, the matter was referred to R.E.R.C. for necessary clarification.

The Commission has decided that the incentive should be allowed to a large industrial consumer for the period April, 2004 to Dec., 2004 based on previous scheme(applicable upto 31-12-2004) and for the period Jan., 2005 to March, 2005, based on new scheme(applicable from 01-01-2005), by keeping the basic principles of these schemes intact for their respective periods. The procedure for determining the incentive for the year 2004-05 is clarified as under:

a) **April, 2004 to December, 2004:**

The consumption of whole current year (2004-05) be compared with that of base year and ascertain the hike in consumption by 2.5% or 5% of the base year, as the case may be, i.e. as per the eligibility criterion of the previous scheme. The quantum of the incentive (10% or 15%) be allowed to the consumer based on its load factor (upto 50% or above) caused by the consumer during the whole current year (04-05) as per the provisions of previous scheme.

b) **Jan., 2005 to March, 2005:**

The consumption of whole current year (2004-05) be compared with that of previous year (2003-04) and ascertain that the consumption of current year (04-05) is not less than that of the previous year, as per the eligibility criterion of the new scheme. The quantum of the incentive (1%, 4% or 7%) be allowed to the consumer based on KWH consumption per KVA contract demand caused by the consumer during the current year as per the provisions of new scheme.

c) It is also clarified that the impact of power cut can be considered at the time of allowing incentive to large industrial consumers as the power cut is a necessity during power shortages as it is a cause beyond the control of Discoms & consumers and accordingly the period of power cuts or restrictions in use of supply, the base units may be reduced proportionately for allowing incentive to such consumers.

Besides above, Commission has also considered that question of any outstanding of basic security amount or recovery of additional security from a consumer, should not be treated as outstanding dues for the purpose of allowing incentive in Tariff to the consumers. But for grant of incentive under old as well as new schemes, the consumer should have no arrear outstanding, pertaining to Electricity Bill, against him.

It is, therefore, enjoined upon all concerned to determine the incentive in Tariff for the year 2004-05 in light of prevailing orders and above clarification.

By order

(H.S. DEORA)
