D. 100  
dt. 28/4/2001

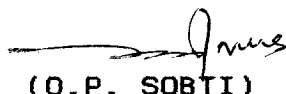

## O R D E R

**Sub: Amendment in Clause 19 (d) (vii)(1) of General Conditions of Supply & Miscellaneous Charges relating to supply of electricity.**

The Rajasthan Electricity Regulatory Commission has passed an Order dt.24th March. 2001 in Petition No.RERC/Tariff/07/2000 filed on behalf of Jodhpur Vidvut Vitran Nigam Limited for fixation of tariff for retail supply of electricity. The Regulatory Commission interalia directed Jodhpur Discom to replace defective/stopped meter within a period two months of its detection. It has also been directed by the Commission that the consumer should not be served more than two monthly bills on the basis of average consumption. Further, if the Jodhpur Discom is unable for any reason to replace the stopped/defective meter within a period of two months, then the Jodhpur Discom should provide a rebate of 05% on the total bill of the consumer on the 03rd (monthly) bill onwards prepared on average basis till the meter is replaced. The Commission has also allowed a period of three months to Jodhpur Discom for gearing up its facilities for servicing and repairing meters and for arranging new meters for replacing stopped/defective meters wherever necessary.

Hence the existing Clause 19(d) (vii) (1) of "General Conditions of Supply" is modified to that extent by adding a new para as below at the end in the existing Clause 19 (d) (vii) (1). However, this amendments shall be made effective w.e.f. 01-07-2001.

"In case Jodhpur Discom is unable for any reason to replace the stopped/defective meter within a period of two months of its detection then Jodhpur Discom shall provide a rebate of 05% on the total bill of the consumer after two months i.e. from the 3rd monthly bill in case of monthly billing and second bill in case of bi-monthly billing prepared on the average basis till the meter is replaced".
