CLARIFICATION

Sub: Sharing cost of shifting of existing electric lines.

For shifting of existing electric lines over building and other structures which may prove hazardous to human life and property, there was a provision of sharing 50% (fifty) of the cost of estimate by persons(s)/Agency desiring such shifting and the balance 50% (fifty) of cost was to be borne by Board/Nigam till TCOS-2004 came in force. While discussion during Sr.Officers Meeting held on 10-03-06, it came into notice that field officers are still following the said provisions.

Since the aforesaid provisions are not existing in TCOS-2004 as such the practice followed by field officers be dispensed with immediately i.e. the person(s)/Agency desiring such shifting shall have to bear the total cost of estimate for shifting.
