Instructions have already been issued in past that the authorities authorised for making final assessment under Clause 29 (c) of General Conditions of Supply have been empowered to grant stay in partial or in full against the provisional assessment amount.

While taking Meeting of the Vigilance Officers. it has been brought into the notice that Chairman of the respective Settlement Committees are invariably granting stay/instalments for the assessed amount where the cases have been detected by the Vigilance Wing and it adversely affects the working of Vigilance Wing as well as defeats the very spirit of the vigilance checking.

It is, therefore, enjoined upon all concerned Officers that the said stay/instalments should be allowed only in cases where prima facie the authority is fully satisfied that the amount assessed is quite high and unreasonable. These powers would be exercised only in the genuine cases with the recorded reasons.

In case of theft of electricity committed by consumer, the respective Settlement Committee would entertain the case only after the consumer deposits 50% of the amount assessed. Only in specific cases Chairman of Committee can stay the recoveries and record justification as to why 50% amount is not justified.

Strict compliance of above directions may be ensured.
