**SUB: Amendment in Clause 29.3(b) of "General
Conditions of Supply & Misc. Charges
relating to supply of electricity".**

The Rajasthan Electricity Regulatory Commission while passing its Order dated 24th March, 2001 on the petition No.RERC/Tariff/07/2000 filed on behalf of Jodhpur Vidyut Vitran Nigam Limited for fixation of retail tariff for supply of electricity to various categories of consumers has interalia directed the Jodhpur Discom that the energy consumed in a residential house in which the members of the family also conduct any commercial or industrial activity without employing any person shall be charged under domestic category. Presently such activities are treated as an act of malpractive under Clause 29.3(b) of "General Conditions of Supply". Hence to comply with the directions of Hon'ble Commission the existing Clause 29.3(b) of G.C.O.S. is modified to that extent. The revised/modified Clause 29.3(b) is reproduced hereunder:

Clause 29.3 (b)

"Means of use of electricity supplied under lower tariff for a purpose for which a higher tariff is in force but with the exception that the energy consumed in a residential house in which members of the family also conduct any commercial or industrial activity without employing any person shall not be considered to be an act of malpractive and will be charged under domestic category only, or"

The above provision shall come into force with immediate effect.
