

No.JdVVNL/MD/CE(HQ)/SE(RA&C)/JU/2017-18/D. 922 Dt. 13.10.17

ORDER

Sub.: Guidelines regarding quarterly information of frequency and total duration of outage in view of Ease of Doing Business (EoDB).

At present half yearly information of System Average Interruption Frequency Index (SAIFI) and System Average Interruption Duration Index (SAIDI) containing frequency and total duration of outages to consumers as time bound activities of Standard of Performance as per RERC SOP Regulation 2014 are submitted to RERC.

In order to achieve the objectives of "Ease of Doing Business" (EoDB) as required in the Business Reform Action Plan 2017(BRAP-17), the information regarding SAIFI and SAIDI are to be published online by RERC on quarterly basis. Therefore it is enjoined upon all the field officers to send the quarterly information of frequency and total duration of outages (SAIFI and SAIDI) to the SE(RA&C), JdVVNL, Jodhpur so that the compiled information of Jodhpur Discom may be furnished quarterly to RERC for publishing on Rajasthan Electricity Regulatory Commission (RERC) website. RERC has agreed to place it on the website of the commission.

All concerned are directed to make strict compliance of above instructions.

By Order,

(U. S. CHOUHAN)
