

No.JdVVNL/MD/CE(HQ)/SE(RA&C)/JU/2017-18/D. 1693 Dt. 16.03.2018

ORDER

Sub: Regarding providing of single phase connections to NDS and SIP category in scattered area upto 10KW sanctioned/connected load.

As per the amendment in RERC (Supply Code & Connected Matters- Eleventh amendment) Regulation- 2017, directions regarding providing of single phase connections to NDS and SIP category in scattered area upto 10 KW sanctioned/connected load in scattered area were issued vide Order No. JdVVNL/MD/CE(HQ)/SE(RA&C)/JU/2017-18/D. 1596 dt. 21.02.2018 (Comml.JDP/853) that due to non-availability of single phase energy meter to cater the load of 10 KW with AMR facility in the market and Discom, the applicants are allowed to purchase single phase energy meter of 10-60 Amp or higher rating to cater the load of 10 KW at its own and get it tested in JdVVNL's Meter Lab after depositing of prescribed testing fee.

In continuation to the order Comml.JDP/853, it is decided that where applicant is reluctant to purchase single phase 10-60 Amp energy meter, these connections may also be allowed through three phase whole current energy meters available with the Nigam by using one phase of the meter and it shall be ensured that meter should be provided with proper sealing of terminal plate and meter box to avoid any theft of energy.

Other terms & conditions of the Order Comml.JDP/853 will remain the same.

By Order,

 (M. R. MEENA)
