Sub: Compliance of Environmental Clearance of Parsa East and Kanta Basan coal block.

Ref: MoEF letter no. J-11015/03/2008-JA.II(M) dated 21.12.2011

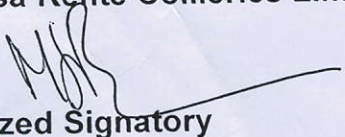

Dear Sir,

Please refer to point no. xix of specific conditions of the Environmental Clearance granted by Ministry of Environment and Forests (MoEF) vide their letter dated 21.12.2011 under reference above in which it is mentioned that ".....Proper records of quantum of raw coal, clean coal and coal rejects generated and being utilized shall be maintained. Proper records of Ash content (Raw Coal, Clean coal and coal rejects) shall be maintained in this regards.....The details of quantum and ash content of raw coal, clean coal and coal rejects generated and utilized shall be uploaded regularly on the company website...."

In this regard, please find enclosed data of Raw coal, Washed Coal, and washery rejects generated at mine site for the month of August 2017 as Annexure-A for displaying on your company website for compliance of the aforesaid condition of Environmental Clearance.

Thanking you,

Yours faithfully,
For Parsa Kente Collieries Limited
